

# The Interface between Pharmaceutical Products and Medical Devices from a Product Development perspective

Janet Halliday

*Webinar for members of EIPG  
in conjunction with PIER and  
University College Cork*

*[Click here to  
register](#)*

*Monday 26<sup>th</sup> June 2023 at 17.00 CEST (16.00 BST)*

## **About the Speaker**

*Dr Janet Halliday PhD, FRPharms, FAPS*

Janet qualified as a pharmacist in 1984. After registering she studied for a PhD in Pharmaceutics and has spent her whole career in the Pharmaceutical Industry. After 10 years working in various technical roles in formulation and process development Janet moved into senior leadership roles; firstly, within a small organization and then after acquisition in a 6500 employee company. This involved both Scottish based projects and leadership of a global team examining novel Drug Delivery technologies from academic groups and startups. Janet retired from Ferring Controlled Therapeutics in Dec 2022 and continues to pursue interests in startup companies and guidance for Life Scientists at the beginning of their careers.

## **Overview of Webinar**

The webinar will address the following topics:

- An overview of the classification systems for devices in Europe and the USA.
- Definition of combination products.
- Challenges to consider when developing prefilled pens, polymer-controlled delivery systems and patches.
- Definitions of standard terminology that can cause confusion in product development teams.
- Timings of development steps in Devices and Pharmaceutical products.

## **Learning Outcomes**

At the end of this webinar, you will have:

- An understanding of the classification systems for devices.
- Knowledge of the definition of these combination products.
- An appreciation of the development problems from several examples of combination products.
- Knowledge of definitions causing confusion amongst development teams.
- Understand the importance of time management and critical path in the development of these combination products.

## **To Join the Webinar**

Please register by filling out the [Registration Form](#).

**Streaming details of the event will be shown on your screen at the time of your registration.**

## **Continuing Education**

A certificate of attendance will be issued after the webinar. The session will be an hour of Continuing Education.
